Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Things you should know

Energy Price Change
You may notice a change in your billing statement. Effective 01/01/2023, the billing rates used to calculate your bill have been modified. For more information, please visit www.sce.com/bill_change.

Your bill has a Percentage of Income Payment Plan (PIPP) Discount
You have received a Percentage of Income Payment Plan (PIPP) discount. You can find the discount under the Summary of your billing detail section of your bill. The discount is being applied as a Billing correction. For more information on the PIPP discount, please visit www.sce.com/understandyourbill.

Fixed Recovery Charge
SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

DWR Adjustment
This is a refund from the California Department of Water Resources (DWR) relating to the purchase of power during the 2000-2001 energy crisis. The adjustment line item will only appear on bills of customers who previously paid the DWR Bond Charge.

Have you received a past due notice, or are you having difficulty paying your bill?
SCE halted collection activities and service disconnections for nonpayment in March 2020 because of the hardships caused by the COVID-19 pandemic. Beginning in October 2022, SCE will resume collection activities for residential customers, including service disconnections for nonpayment. Prior to disconnection, customers will receive a "final notice," which will include their payment due date and the past-due amount required to avoid a service disconnection. For more information on our credit and collection activities, visit sce.com/collections.

SCE recognizes some of our customers may still be facing challenges paying their bills. SCE offers customers a range of assistance options, including payment arrangements and extensions, one-time bill assistance from the Energy Assistance Fund, and debt forgiveness through the Arrearage Management Plan for qualified residential customers enrolled in the California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) programs. Additional information is available at sce.com/billhelp.
