1 Summary
Your bill's total charges are broken down by utility type.

2 Total and Due Date
The total amount due, due date for current charges, and important dates to avoid additional fees or potential interruption of service.

3 Historical Usage
View your usage compared to previous months.

4 Account Messages
Important information related to your account will be listed here.

5 Itemized Charges
See an itemized breakdown of all charges that make up the total for each utility type.

6 Payment Options
A convenient list of various payment options.

How are charges calculated?

Electric charges are based on actual usage per month

Water & Wastewater are calculated per 1,000 gallons.
Usage 5000 gallons x [rate]/ 1000 = [billed amt]

All other utilities are standard fees.
