Tax Calculation for 2002-03 (year ended 5 April 2003)

Thank you for your Tax Return.

I enclose my calculation based on the amounts shown in your Tax Return.

Based on my calculation, the amount due for 2002/2003 is -
Balancing payment £128.66 due by 31 January 2004

I also calculate that you do not need to make any payments on account for 2003/2004

The above figures do not take into account any payments you may have already made to your Self Assessment Account or any other amounts which may be outstanding. Please remember that interest and surcharges will be charged on payments made after the due date.

It is now unlikely that I will be able to send you a Statement of Account telling you how much to pay by 31/01/04. The above information will help you to decide how much to pay by then.

I will write to you again if I have any questions about your Tax Return. Please let me know if there is anything you do not agree with or do not understand in my calculation. My telephone number is shown above.
