Receiving money within the UK

To receive sterling payments into your account, the person making the payment will need to quote your sort code and your 8 digit account number, which you'll find on the front of your statement. Entering account numbers incorrectly can mean payments being misdirected, so please be sure to provide the correct details.

Receiving money from outside the UK and receiving money from within the UK in a currency other than sterling

SWIFT - someone making a payment to you must quote your Bank Identifier Code (BIC) and International Bank Account Number (IBAN). The BIC and IBAN are the international equivalents of your UK sort code and account number.
An international payment will also need to quote the SWIFT Intermediary Bank number as we're using the routing services of an Agent Bank. You'll find this number along with your BIC and IBAN on the front of your statement.

SEPA Credit Transfer - someone making a payment to you must quote your International Bank Account Number (IBAN). Your IBAN is found on the front of your statement.

You can find a guide to your statement, and other tips for your account at **nationwide.co.uk/flexbasic/support**

Banking of cheques - You can pay money into or out of your account by cheque. To find out more information about cheque interest, clearing times, withdrawals and certainty, please visit **nationwide.co.uk/cheque**

If you have a problem with your account, and wish to complain, please try to settle it with us first. If you're not happy with the way in which we handled your complaint or the outcome you may be able to complain to the Financial Ombudsman Service. We'll give you details of how to contact the Ombudsman.
